Subject: Notification on the processing of personal data related to the selection of temporary and contract agents, trainees and Seconded National Experts (case 2012-0300)

Dear Mr Des Dorides,

We have analysed the notification and further information the Data Protection Officer has provided the EDPS for prior-checking under Article 27(2)(b) of Regulation (EC) 45/2001 ("the Regulation") on the processing of personal data related to the selection of temporary and contract agents, trainees and Seconded National Experts at the European GNSS Supervisory Authority (GSA).

All documentation sent to the EDPS was analysed in light of the EDPS Guidelines concerning the processing operations in the field of staff recruitment ("the Guidelines")¹.

On the basis of the notification and updated version of the privacy statement, the EDPS notes that the staff recruitment processing operation under analysis is in conformity with his Guidelines and the Regulation.

¹ The Guidelines were issued on 15 October 2008.

We have therefore decided to close the case.

Yours sincerely,

Giovanni BUTTARELLI
