correspondence

Dear [...],

We are writing to you concerning the notifications Article 27(3) of Regulation 45/2001 (the Regulation) you sent us concerning the processing operations relating to: Training (2014-0599); Management of pension rights (2014-0604); Request for access to documents or information (2014-0600); Access to office & badges (2014-0613) and Staff Committee activities at the European Union Satellite Center (EU SatCen).

You submitted these notifications under Article 27(2)(b) which subjects to prior checking:

*27(2) (b) processing operations intended to evaluate personal aspects relating to the data subject, including his or her ability, efficiency and conduct;*

After having analysed your notifications, we conclude that they are not subject to prior checking because the purpose of the processing operations at stake is not to evaluate personal aspects of the data subject in terms of conduct, ability and efficiency.

We remind you that, even if not subject to prior checking, the principles of the Regulation apply. A list of relevant procedures that are not subject to prior checking will be soon available on the EDPS website in the DPO corner section ([DPO Corner](#)).

We will therefore close the cases unless you still consider that in the light of the above, the processing operations should nevertheless be subject to prior checking or whether, in line with

our policy on consultations<sup>1</sup> you would like to consult us on certain issues. Should this be the case, please inform us by mid-January 2015.

Please note that, as the processing operations are not subject to prior checking, these notifications will not be inserted in the EDPS register.

We are of course available should you have any further queries.

Sincerely yours,

Giovanni Buttarelli

Cc: [...], Assistant Data Protection Officer, EU SatCen
