(Acts adopted under the EU Treaty)

ACTS ADOPTED UNDER TITLE VI OF THE EU TREATY

COUNCIL DECISION 2008/633/JHA

of 23 June 2008

concerning access for consultation of the Visa Information System (VIS) by designated authorities of Member States and by Europol for the purposes of the prevention, detection and investigation of terrorist offences and of other serious criminal offences

THE COUNCIL OF THE EUROPEAN UNION,

their duties in relation to the prevention, detection and investigation of criminal offences, including terrorist acts and threats', 'subject to strict compliance with the rules governing the protection of personal data'.

Having regard to the Treaty on European Union, and in particular Article 30(1)(b) and Article 34(2)(c) thereof,

Having regard to the proposal from the Commission,

Having regard to the Opinion of the European Parliament,

- (3) It is essential in the fight against terrorism and other serious crimes for the relevant services to have the fullest and most up-to-date information in their respective fields. The Member States' competent national services need information if they are to perform their tasks. The information contained in the VIS may be necessary for the purposes of preventing and combating terrorism and serious crimes and should therefore be available, subject to the conditions set out in this Decision, for consultation by the designated authorities.

Whereas:

- (1) Council Decision 2004/512/EC of 8 June 2004 establishing the Visa Information System (VIS) ⁽¹⁾ established the VIS as a system for the exchange of visa data between Member States. The establishment of the VIS represents one of the key initiatives within the policies of the European Union aimed at establishing an area of freedom, security and justice. The VIS should have the purpose of improving the implementation of the common visa policy and should also contribute towards internal security and to combating terrorism under clearly defined and monitored circumstances.
- (2) During its meeting of 7 March 2005 the Council adopted conclusions stating that 'in order to achieve fully the aim of improving internal security and the fight against terrorism', Member State authorities responsible for internal security should be guaranteed access to the VIS, 'in the course of

- (4) Moreover, the European Council has stated that Europol has a key role with respect to cooperation between Member States' authorities in the field of cross-border crime investigation in supporting Union-wide crime prevention, analyses and investigation. Consequently, Europol should also have access to VIS data within the framework of its tasks and in accordance with the Convention of 26 July 1995 on the Establishment of a European Police Office ⁽²⁾.
- (5) This Decision complements Regulation (EC) No 767/2008 of the European Parliament and of the Council of 9 July 2008 concerning the Visa Information System (VIS) and the exchange of data between Member States on 7 stay-visas (VIS Regulation) ⁽³⁾ insofar as it provides for a legal base under Title VI of the Treaty on European Union authorising access to the VIS for designated authorities and for Europol.

⁽²⁾ OJ C 316, 27.11.1995, p. 2. Convention as last amended by the Protocol amending that Convention (OJ C 2, 6.1.2004, p. 3).

⁽³⁾ See page 60 of this Official Journal.

- (6) It is necessary to designate the competent Member States' authorities as well as the central access points through which access is done and to keep a list of the operating units within the designated authorities that are authorised to access the VIS for the specific purposes of the prevention, detection and investigation of terrorist offences and other serious criminal offences as referred to in Council Framework Decision 2002/584/JHA of 13 June 2002 on the European arrest warrant and the surrender procedures between Member States⁽¹⁾. It is essential to ensure that the duly empowered staff with a right to access the VIS is limited to those who 'have a need to know' and possess appropriate knowledge about data security and data protection rules.
- (7) Requests for access to the VIS should be made by the operating units within the designated authorities to the central access points. These central access points should then process the requests for access to the VIS following a verification whether all conditions for access are fulfilled. In an exceptional case of urgency the central access points should process the request immediately and only do the verification afterwards.
- (8) For the purposes of protection of personal data, and in particular to exclude routine access, the processing of VIS data should only be on a case-by-case basis. Such a specific case exists in particular when the access for consultation is connected to a specific event or to a danger associated with serious crime, or to (a) specific person(s) in respect of whom there are serious grounds for believing that the person(s) will commit or has (have) committed terrorist offences or other serious criminal offences or that the person(s) has (have) a relevant connection with such (a) person(s). The designated authorities and Europol should thus only search data contained in the VIS when they have reasonable grounds to believe that such a search will provide information that will substantially assist them in preventing, detecting or investigating serious crime.
- (9) Once the proposed Framework Decision on the protection of personal data processed in the framework of police and judicial cooperation in criminal matters has entered into force it should apply to the personal data which are processed pursuant to this Decision. However, until the rules set out in that Framework Decision are applicable and in order to supplement them, adequate provisions have to be provided for to ensure the necessary data protection. Each Member State should ensure an adequate data protection level in its national law which at least corresponds to that resulting from the Council of Europe Convention of 28 January 1981 for the Protection of Individuals with regard to Automatic Processing of Personal Data and the corresponding case law pursuant to Article 8 of the Convention for the Protection of Human Rights and Fundamental Freedoms and, for those Member States which have ratified it, the Additional Protocol of 8 November 2001 to that Convention, and should take into account Recommendation No R (87) 15 of 17 September 1987 of the Committee of Ministers of the Council of Europe Regulating the Use of Personal Data in the Police Sector.
- (10) The effective monitoring of the application of this Decision should be evaluated at regular intervals.
- (11) Since the objectives of this Decision, namely the creation of obligations and conditions for access for consultation of VIS data by Member States' designated authorities and by Europol, cannot be sufficiently achieved by the Member States and can, therefore, by reason of the scale and effects of the action, be better achieved at the level of the European Union, the Council may adopt measures in accordance with the principle of subsidiarity, referred to in Article 2 of the Treaty on European Union and defined in Article 5 of the Treaty establishing the European Community. In accordance with the principle of proportionality, as set out in that Article, this Decision does not go beyond what is necessary in order to achieve those objectives.
- (12) In accordance with Article 47 of the Treaty on European Union, this Decision does not affect the competences of the European Community, in particular as exercised in Regulation (EC) No 767/2008 and in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data⁽²⁾.
- (13) This Decision constitutes a development of provisions of the Schengen *acquis* in which the United Kingdom does not take part in accordance with Council Decision 2000/365/EC of 29 May 2000 concerning the request of the United Kingdom of Great Britain and Northern Ireland to take part in some of the provisions of the Schengen *acquis*⁽³⁾. The United Kingdom is therefore not taking part in its adoption and is not bound by it or subject to its application.
- (14) This Decision constitutes a development of provisions of the Schengen *acquis* in which Ireland does not take part in accordance with Council Decision 2002/192/EC of 28 February 2002 concerning Ireland's request to take part in some of the provisions of the Schengen *acquis*⁽⁴⁾. Ireland is therefore not taking part in its adoption and is not bound by it or subject to its application.

⁽⁴⁾ OJ L 64, 7.3.2002, p. 20.

⁽¹⁾ OJ L 190, 18.7.2002, p. 1.

- (15) However, in accordance with Council Framework Decision 2006/960/JHA of 18 December 2006 on simplifying the exchange of information and intelligence between law enforcement authorities of the Member States of the European Union ⁽¹⁾, information contained in the VIS can be provided to the United Kingdom and Ireland by the competent authorities of the Member States whose designated authorities have access to the VIS pursuant to this Decision. Information held in the national visa registers of the United Kingdom and Ireland can be provided to the competent law enforcement authorities of the other Member States. Any form of direct access for central authorities of the United Kingdom and Ireland to the VIS would, under the present state of their participation in the Schengen *acquis*, require an agreement between the Community and those Member States, possibly to be supplemented by other rules specifying the conditions and procedures for such access.
- (16) As regards Iceland and Norway, this Decision constitutes, with the exception of Article 7, a development of provisions of the Schengen *acquis* within the meaning of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the association of those two States with the implementation, application and development of the Schengen *acquis* ⁽²⁾ which fall within the area referred to in Article 1, point B of Council Decision 1999/437/EC ⁽³⁾ on certain arrangements for the application of that Agreement.
- (17) As regards Switzerland, this Decision constitutes, with the exception of Article 7, a development of the provisions of the Schengen *acquis* within the meaning of the Agreement signed by the European Union, the European Community and the Swiss Confederation concerning the association of the Swiss Confederation with the implementation, application and development of the Schengen *acquis* which fall within the area referred to in Article 1, point B of Decision 1999/437/EC read in conjunction with Article 4(1) of Council Decision 2004/849/EC ⁽⁴⁾.
- (18) This Decision, save Article 6, constitutes an act building on the Schengen *acquis* or otherwise related to it within the meaning of Article 3(2) of the 2003 Act of Accession and Article 4(2) of the 2005 Act of Accession.
- (19) This Decision respects the fundamental rights and observes the principles reflected in particular in the Charter of Fundamental Rights of the European Union,

Data retrieved from the VIS may be kept in national files only when necessary in an individual case in accordance with the purposes set out in this Decision and in accordance with the relevant legal provisions including those concerning data protection and for no longer than necessary in the individual case.

2. Paragraph 1 shall not prejudice the provisions of national law of a Member State concerning the entry by its designated authorities in their national files of data which that Member State entered in the VIS according to Regulation (EC) No 767/2008.

3. Any use of data which does not comply with paragraphs 1 and 2 shall be considered a misuse under the national law of each Member State.

*Article 14***Right of access, correction and deletion**

1. The right of persons to have access to data relating to them obtained from the VIS pursuant to this Decision shall be exercised in accordance with the law of the Member State in which they invoke that right.

2. If national law so provides, the national supervisory authority shall decide whether information is to be communicated and by what procedures.

3. A Member State other than that which has entered the data into the VIS according to Regulation (EC) No 767/2008 may communicate information concerning such data only if it first gives the Member State entering the data an opportunity to state its position.

4. Information shall not be communicated to the data subject if this is indispensable for the performance of a lawful task in connection with the data or for the protection of the rights and freedoms of third parties.

5. Any person has the right to have factually inaccurate data relating to him corrected or unlawfully stored data relating to him deleted. If the designated authorities receive such a request or if they have any other evidence to suggest that data processed in the VIS is inaccurate they shall immediately inform the visa authority of the Member State which has entered the data in the VIS, which shall check the data concerned and, if necessary, correct or delete it immediately, pursuant to Article 24 of Regulation (EC) No 767/2008.

6. The individual concerned shall be informed as soon as possible and in any event not later than 60 days from the date on which he applies for access or sooner if national law so provides.

7. The individual concerned shall be informed about the follow-up given to the exercise of his rights of correction and deletion as soon as possible and in any event not later than three months from the date on which he applies for correction or deletion or sooner if national law so provides.

8. In each Member State any person shall have the right to bring an action or a complaint before the competent authorities or courts of that Member State which refused the right of access to or the right of correction or deletion of data relating to him, provided for in this Article.

Each Member State and Europol shall set up and maintain, at their expense, the technical infrastructure necessary to implement this Decision, and be responsible for bearing the costs resulting from access to the VIS for the purposes of this Decision.

*Article 16***Keeping of records**

1. Each Member State and Europol shall ensure that all data processing operations resulting from access to the VIS for consultation pursuant to this Decision are recorded for the purposes of checking whether the search is admissible or not, for the purpose of monitoring the lawfulness of data processing, for self-monitoring, ensuring the proper functioning of the system, data integrity and security.

Those records shall show:

- (a) the exact purpose of the access for consultation referred to in Article 5(1)(a), including the form of terrorist offence or other serious criminal offence concerned, and for Europol, the exact purpose of the access for consultation referred to in Article 7(1);

3. These records shall be protected by appropriate measures against unauthorised access and abuse and deleted after a period of one year after the retention period referred to in Article 23(1) of Regulation (EC) No 767/2008 has expired, unless they are required for monitoring procedures referred to in paragraph 2 of this Article which have already begun.

Article 17

Monitoring and evaluation

1. The Management Authority referred to in Regulation (EC) No 767/2008 shall ensure that systems are in place to monitor the functioning of the VIS pursuant to this Decision against objectives, in terms of output, cost-effectiveness, security and quality of service.

2. For the purpose of technical maintenance, the Management Authority shall have access to the necessary information relating to the processing operations performed in the VIS.

3. Two years after the VIS is brought into operation and every two years thereafter, the Management Authority shall submit a report to the European Parliament, the Council and the Commission on the technical functioning of the VIS pursuant to this Decision. That report shall include information on the performance of the VIS against quantitative indicators predefined by the Commission, and in particular on the need and use made of Article 4(2).

4. Three years after the VIS is brought into operation and every four years thereafter, the Commission shall produce an overall evaluation of the VIS pursuant to this Decision. This evaluation shall include an examination of the results achieved against objectives and an assessment of the continuing validity of the underlying rationale behind this Decision, the application of this Decision in respect of the VIS, the security of the VIS and any implications for future operations. The Commission shall

transmit the evaluation reports to the European Parliament and the Council.

5. The Member States and Europol shall provide to the Management Authority and the Commission the information necessary to draft the reports referred to in paragraph 3 and 4. 7. During the transitional period before the Management Authority takes up its responsibilities, the Commission shall be responsible for producing and submitting the reports referred to in paragraph 3.

Article 18

Entry into force and date of application

1. This Decision shall enter into force on the 20th day following its publication in the *Official Journal of the European Union*.

2. This Decision shall take effect from a date to be determined by the Council once the Commission has informed the Council that Regulation (EC) No 767/2008 has entered into force and is fully applicable.

The General Secretariat of the Council shall publish that date in the *Official Journal of the European Union*.
