

*Eurodac Supervision Coordination Group  
17<sup>th</sup> meeting on 7 May 2019*

## **Summary report**

The 17<sup>th</sup> meeting of the Customs Information System ('CIS') Supervision Coordination Group ('SCG') was hosted at the European Parliament on 7 May 2019. The CIS SCG meeting was organised back-to-back with the Europol Cooperation Board.

The Group, which comprises national Data Protection Authorities ('DPAs') and the European Data Protection Supervisor ('EDPS'), each acting within their own competences, is tasked with ensuring coordinated data protection supervision of the CIS.

The Group started to discuss the content of the next work programme for the following years, and to identify activities and follow up activities to plan over that period. The Group also finalised the update of the CIS SCG webpage.

Furthermore, the Group continued to work on the update of the CIS Guide of access following the entry into application of the General Data Protection Regulation (EU) 2016/679 and the expiry of the deadline to transpose the Data Protection Police Directive (EU) 2016/680. Persons whose personal data are collected, held or otherwise processed in the CIS are entitled to rights of access subject to strict limitations, correction of inaccurate data and deletion of unlawfully stored data. This Guide aims to help data subjects identify the competent authority and the modalities to exercise these rights in relation to the CIS.

Finally, the Members of the Group updated their colleagues with information about their national inspections or other relevant developments at national level.

The next meeting of the CIS SCG will be held in Spring 2020.
