

**EUROPEAN
DATA PROTECTION
SUPERVISOR**

**VACANCY
NOTICE**

The EDPS is looking for a

IT Security Auditor and Data Breach Handler

Vacancy notice n°	03-2023- EDPS-CA (CORRIGENDUM)
Type of contract	Contract Agent (1 year renewable)
Function group	FGIV
Publication under	Article 3b of the CEOS
Place of employment	Brussels (Belgium)
Deadline for applications	23/02/2023 (Brussels time GMT+1) at 12:00 midday - instead 09/02/2023

WHO ARE WE?

The EDPS - a young and dynamic institution.

The European Data Protection Supervisor (EDPS), a young EU institution established in 2004, in Brussels, Belgium, is the independent data protection authority of the EU institutions and the advisor of the EU legislator on data protection matters. We strive to be an impartial centre of excellence in order to embed a strong data protection culture in the EU institutions and the legislation emanating from them. We also closely follow technological developments and try to anticipate their impact on the privacy of individuals. Our organisation employs about 120 staff members, most of whom are EU officials, but we also welcome Contract Agents and Seconded National Experts, working full-time or part-time.

The EDPS - a great place to work

We value a strong culture of respect, flat hierarchical structures and an open door policy to foster innovative ideas and a strong collaboration between colleagues. To ensure our staff's well-being and motivation, we believe that it is essential to create a healthy organisational climate and to strike a good work-life balance. To achieve this, we offer various flexible working arrangements, as well as learning and development opportunities, such as job-shadowing and training programmes.

WHO ARE WE LOOKING FOR?

Someone who

- fits in an informal and friendly yet professional working environment;
- appreciates working collaboratively with other colleagues on a variety of different projects;
- brings their creativity and initiative to the table;
- enjoys engaging constructively with stakeholders, based on our core values: integrity, impartiality, transparency and pragmatism.

ABOUT THE POSITION

Our job vacancy is in the **Technology and Privacy Unit**. The unit provides expertise at the intersection of policy and information technology by generating in-depth knowledge about the impact of technology on privacy and data protection, including the forecast of future trends.

The Technology and Privacy Unit of the EDPS is in charge to monitor relevant developments, insofar as they have an impact on the protection of personal data, in particular the development of information and communication technologies. The unit also serves as technological advisor and contributor for other units and sectors in the EDPS.

In addition, the unit is leading the technical audits of IT systems carrying out data processing operations and in particular the Large Scale IT systems of EU Institutions (EUIs), such as SIS II, Eurodac, VIS, etc. These audits follow the requirements of specific legal instruments and international standards and controls. The unit handles the notification of personal data breaches from the other Union institutions, bodies, offices and agencies (EUIs).

As IT Security Auditor and Data Breach Handler, your main responsibilities will include:

- Prepare/participate in audits of the most relevant (from data protection point of view) IT systems managed by EUIs;
- Document, evaluate and test IT systems and controls to determine their adequacy and effectiveness to ensure compliance with data protection, security legislation and international standards. This will include hands-on verification of the security measures implemented among others at network level, database level, application level, including detection of potential vulnerabilities using specific tools;
- Design and maintain audit processes and procedures;
- Draft technical reports that analyse/interpret audit results and stakeholder reports that use accessible language to explain the process and recommendations;
- Organise and execute ad-hoc technical investigations particularly related to IT systems in the Area of Security, Freedom and Justice (AFSJ);
- Use and development of the IT Lab of the Unit with selection and acquisition of tools that will support the auditing and other security activities of the EDPS such as investigation activities;
- Contribute to drafting guidelines related to personal data breaches;
- Intervene and when appropriate lead investigations or/and audits following one or multiple data breach notifications of the EUIs in order to assess if there is a structural problem of security and provide the necessary recommendations to them;
- Manage the full cycle of data breach notification to verify the compliance of the Controller's actions with the requirements of the Regulation;
- Deliver training sessions on personal data breach management;
- Prepare reports including statistics on personal data breaches;

- Act when required as business analyst and project manager for the data breach notification system and process inside the EDPS.

These tasks may require occasional (3-4 times a year) missions out of Brussels. You may also be required to carry out additional tasks when necessary and in the interest of the service.

OUR ELIGIBILITY AND SELECTION CRITERIA

Eligibility criteria

For your application to be considered, you must meet the following criteria by the deadline for submitting applications¹:

- a level of education corresponding to completed university studies of at least three years, attested by a diploma, in the field of Information Technologies;
- have a security clearance or be willing to obtain one;
- Candidates for this Contract Agent position must have passed the EPSO Permanent CAST by the end of the recruitment process and are therefore encouraged to create a corresponding EPSO profile already with their application;

Selection criteria

For this job vacancy, we are looking for someone with the following essential and advantageous skills and experience:

Essential

- Appropriate professional experience as Information Security Auditor of at least 3 years;
- Knowledge and experience in security audit standards and frameworks such as ISO/2700X, NIST, COBIT;
- Very good ability of multitasking and of completing several simultaneous projects with a deadline, as well as being able to demonstrate flexibility and willingness to work on diverse type of tasks;
- Extensive capacity for analysis, good communication and writing skills in a structured way;
- Experience in working and managing cases/contracts or similar tasks where it is essential to be in control of the full workflow of activities needed to manage a case;
- Ability to work autonomously, but also a strong sense of teamwork;
- Good computer skills with sound knowledge of MS Office package (in particular Word, Excel), as well as forensic skills;
- Very good level of written and spoken English, which is the main working language of the EDPS and of the EDPB.

Advantageous

- Hands-on experience with Whitebox and Blackbox testing for IT systems with use of Computer Assisted Audit Techniques;
- CISA Certification would be an asset, alternatively CISSP or other technical / IT security certifications;
- Good knowledge of the applicable legislation in what concerns data breach notifications, in particular Regulation (EU) 2016/679, Regulation (EU) 2018/1725 and Directive 216/680;
- Previous experience in handling personal data breaches;
- Experience in using data analytics and visualization tools such as Power BI, Python, etc;

¹ In case you will be offered the job, you must also provide evidence of EU nationality; have completed any compulsory military service; provide appropriate character references (have no criminal record); pass the EU institutions' medical examination; be fluent in one of the EU languages and be able to work in a second EU language.

- Good knowledge of the structure and functioning of the European Union and its Institutions, in relation to the position.

HOW TO APPLY?

Interested in this position? Please send to EDPS-selections@edps.europa.eu by **23/02/2023 at 12:00 midday (Brussels time)** - instead of 09 February 2023:

- CV and cover letter detailing why you are suitable for this role;
- the completed application form.

All supporting documents, such as references, certificates, must be merged into one single PDF document of a maximum size of 2MB.

OUR SELECTION PROCEDURE

All eligible applications will be scrutinised by a selection panel. Candidates whose applications best match the selection criteria will be invited for an interview during which the selection panel will assess each candidate's performance. In addition, a second interview or written tests may be carried out. At the EDPS we aim for all selection panels to have a gender-balanced composition.

OTHER IMPORTANT INFORMATION

Equal opportunities

The EDPS is committed to promoting diversity, inclusion, and giving everyone equal opportunities to succeed.

As such, the EDPS welcomes all applications without discrimination on grounds of sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of national minority, property, disability, age, gender identity or sexual orientation.

If you require any special arrangements (due to a disability) to take part in this selection procedure, please indicate this on your application.

Data protection

A data protection notice detailing how the EDPS processes candidates' personal data in the context of recruitment can be found [here](#).

Join us in shaping a safer digital future!
