7.	Short description and purpose of the processing	The aim of this processing activity is to ensure that, in the event of a crisis, the EDPS staff will receive SMS crisis communications either from the EC or the EP or both.
		The EC EUWARN system is used to inform staff of incidents (e.g. demonstrations, evacuations or police interventions inside or close to EC buildings) and emergencies and advises them on what to do.

Nr.	Item	Description
		EDPS staff will receive via EUWARN emails to their professional email address - this is an automated process, so staff do not need to enroll.
		SMS alerts will only be sent to <b>private phone number</b> of staff based on their enrolment in the system. HR.DS1.002 informs staff members timely about a nearby security incident and instructs them on how to stay safe. To do so, HR.DS1.002 selects in its security communication tools the affected building as target audience of a security notification.
