What personal data do we process and who has access to this personal data?

Categories of individuals whose personal data the EDPS processes:

- Data Protection Officers (DPOs), and Deputy DPOs, where relevant, of all EUIs.

Categories of personal data processed:

- EDPS internal: First name, last name, (functional) email address, EUI

- EDPS wiki for DPOs: First name, last name, (functional) email address, EUI
- on [EDPS website](#): to avoid publishing personal data, only the functional email address of the DPO or link to the EUI contact form for DP matters is published

Where did we get your personal data?

In accordance with Article 43(5) and 44(9) of the Regulation, EUIs must register the DPO with the EDPS after their designation and must communicate the contact details of the DPO to the EDPS.

Why do we process your personal data and under what legal basis?

The DPOs and their deputies (if any) are the first relay of the EDPS, as data protection supervisory authority for the EUIs.

After their designation, DPOs must be registered with the EDPS by the EUI that designated them. In addition, EUIs must communicate the contact details of their DPO to the EDPS (Articles 43(5) and 44(9) of the Regulation).

The DPOs (and their deputies, where appropriate) are key in enabling the EDPS to exercise his tasks and powers under Articles 57 and 58 of the Regulation. In this context, the EDPS must be able to reach out either to DPOs individually (for matters that concern only their EUI), or to the DPO network as whole when it comes to matters of relevance for all EUIs (biannual EDPS-DPOs meeting, EDPS surveys on specific data protection topics, submission of draft EDPS guidelines for consultation, etc.).

The list of the members of the DPO network enables the EDPS to keep track of the EUI's obligations as to the DPO designation and to exercise its tasks and powers under the Regulation. This list also enables the EDPS to reach out to the network for communications that are relevant to the entire network.

The list is also made available to the DPO network on the EDPS wiki for DPOs, which is available through EU-login and with the permission of the EDPS.

The EDPS processes personal data on the DPO network list under Article 5(1)(a) of the Regulation.

The legal basis of the processing lies in Articles 43-45 and in particular 43(5), 44(8), 45(1)(e)(f) and (g) of the Regulation.

How long do we keep your personal data?

Personal data is only kept for the duration of the term of appointment of the (Deputy, where applicable) DPO, as communicated by their EUI.

What are your rights regarding your personal data?

You have the right to request access to your personal data and to relevant information concerning how we use it. You have the right to request rectification of your personal data. You have the right to ask for the erasure of your personal data or to restrict its processing. You have the right to object to the processing of your personal data, on grounds relating to your particular situation, at any time.

for treating your request is one (1) month. This period may be extended by two (2) further months where necessary, taking into account the complexity and the number of the requests. In those cases, the EDPS will inform you of the extension within one (1) month of receipt of your request and will provide reasons for the delay.

You can send your request to the EDPS electronically or by post (see section on contact details below).
