
Dear [Name],

We are writing to you with reference to the complaint submitted by your former attorney to the European Data Protection Supervisor (the EDPS) on 25 March 2019.

Your complaint relates to Europol’s decision of 13 February 2019 ("Europol’s decision"), concerning your request to exercise your right of access to your personal data as set out in Article 36 of the Europol Regulation. In its decision, Europol informed you that “there are no data concerning you which are processed at Europol”.

The EDPS has examined your complaint and carried out the necessary checks, including an on-the-spot verification at Europol’s premises. Following this examination, the EDPS found no evidence that Europol processes any of your personal data.

In your statement of 23 April 2019, you also referred to ‘discreet checks’ under Article 36 of Council Decision 2007/533/JHA. Please note that supervision of the Schengen Information System (SIS II) falls outside the jurisdiction of the EDPS and we therefore do not have any authority to investigate it. Indeed, supervision of SIS II is exercised at national level. You may want to use your right of access to the personal data relating to you held in SIS II, to find out if your personal data are processed in this context. A guide by the SIS II Supervision Coordination Group on how to exercise the right of access in relation to SIS II is available on our website. You can address your access request to any of the competent authorities mentioned there.

---

In consequence of its findings set out above, the EDPS has decided to close its investigation.

Yours sincerely,

Wojciech Rafał WIEWIÓROWSKI

CC: , Data Protection Officer, Europol
