Dear [Name],

Thank you for this update. We note that Frontex withdraws the notification and will update our records, incl. the public register, accordingly.

I will then wait for the replacement notification.

Best regards,

[Name]
The circumstances around this processing operation are going to change substantially and that would render the submitted notification invalid and not accurate. Thus, this request for withdrawal. Obviously Frontex is working in a new draft notification covering FAR, containing the new functionality that involves extra processing operations upon personal data, plus a clarification on those topics that were not sufficiently clear from the first submission.

Hopefully, by the end of September I will be in position to send the new one and complete prior check notification.

I remain at your disposal for further questions.

Kind regards,
