The Netherlands

Dear Mr Wewrowski,

As anticipated to your Services during our bi-monthly meeting held on 1 April in Brussels, I am hereby pleased, on behalf of the Management Board (MB) of Europo, to launch a consultation with you on four draft MB Decisions on the conditions related to the processing of personal data on the basis of Articles 18(2), 18(6), 18(6a) and 18a of the amended Europo Regulation.

Please note that, providing that the amended Europo Regulation will be applicable by then, the MB intends to adopt the enclosed Decisions at its 28-29 June 2022 meeting.

In this context, and in accordance with the relevant provisions of the draft amended Regulation, the Board wishes to seek your observations as early as possible and kindly asked me to effect this transmission where, in paragraph 1, the Board's Working Groups

on Corporate Matters and on Information Management are being consulted on these very drafts with a view to a joint meeting that they will hold on 18 May. Please rest assured that any possible amendment following the referred meeting will be promptly brought to your attention.

While Europro trusts that the enclosed draft MB Decisions reflect the recommendations and guidance provided by the EDPS with respect to 'Europro's Big Data Challenge', which were addressed in Europro's corresponding Action Plan, Europro looks forward to submit to you any additional information or clarification that you may require in assessing these draft rules.

On behalf of the MB Chairperson, Mr Jérôme Bonet, let me please express the Board's gratitude for your advice on these draft rules, in particular regarding the compliance and consistency with the amended Europro Regulation from a data protection perspective. The MB will be most grateful if you would submit your possible observations within two months, i.e., by 13 June 2022. This would provide MB members with documents on time for the deliberations. Should this not prove feasible, the adoption by the MB of the referred four Decisions on 28-29 June will be without prejudice to the Board's determination, as it is always the case, to carefully consider any observation you may wish to make at any further point in time and, where appropriate, to revise its Decisions accordingly.

Kind regards,

A large black rectangular redaction box covering the signature and name of the sender.
